Murder in Second Degree Verdict of Jury.

PENALTY TWENTY YEARS.

Defendants' Attorneys File Motion to Set Verdict Aside, Judge Says He Will Listen to Arguments Later and \$25,000 Bond Is Fixed.

Nashville, March 20.—"Guilty of murder in the second degree, with twenty years' imprisonment, was the verdict of the jury Saturday morning in the case against Duncan B. Cooper and Robin J. Cooper for slaying of former United States Senator E. W. Carmack. The jury Friday acquitted John D. Sharp, co-defendant. Immediately the defense moved to set aside the verdict because of the verdict of disagreement Friday and asked the court to declare it a mistrial. Judge Hart said he would listen to arguments on this motion later. He then fixed defendants' bond at \$25,000 each, which amount was acceptable to both sides.

The verdict, coming as it did upon the heels of Foreman Burke's declaration Friday that "we are hopelessly tied up as the Coopers," was a decided surprise.

The defendants took it cool—almost without emotion. Mrs. Burch and Mrs. Wilson, the young daughters of Colonel Cooper, were brave, and aside from tearful eyes, restrained their emotion gamely. Mrs. Burch sat with her arm around her brother Robin's shoulder and Mrs. Wilson was at her father's right. The suspense for the two young women had been heart rending, and any verdict, however unfavorable, was a relief.

The jurors were tired looking and disheveled, and when the court remarked, "I thank you, gentlemen, for your patience and devotion to the state and dismiss you to your homes and your personal avocations," the entire twelve sprang from their seats as one man and hurriedly left the courtroom. The defendants and their counsel remained to complete the bond preliminaries and motions for a new trial.

BANK SAFE DYNAMITED.

Several Thousand Dollars Are Reported to Have Been Taken.

Des Moines, Ia., March 20.—Safe blowers dynamited the safe of the First National bank, at Imogene, Page county, and took all the cash on hand. Several thousand dollars are reported to have been taken.

Novel Revenue Raising Way.

Washington, March 20.—A novel way of raising revenue was proposed in the house by Representative Sisson of Mississippi. It is provided in a bill he introduced that a tax of \$2 be levied on every deadly weapon, such as pistols, dirk knives and brass knuckles, manufactured and sold within the United States.

Improvements Planned.

Denison, March 20.—That this city has the greatest water supply in the state is the opinion of Vice-President Allen and officials of the Katy road after inspecting the new waterworks. Further yards and freight handling improvements will be planned at once.

Hangs Himself With Towel.

Richmond, Va., March 20.—Henry Wheatley, the confessed wife murderer and incendiary, committed suicide in Culpepper jail by hanging himself with a towel.

AGAINST SPECULATION.

Campaign to Be More Vigorous Than Ever.

Washington, March 20.—The Campaign for legislation against speculation in cotton, grain and other agricultural products will be carried on in the Sixty-first congress with even more vigor than in the Sixtieth congress, according to statements of southern members.

Representative Macon of Arkansas re-introduced his bill to prohibit this speculation by forbidding telegraph and telephone companies from transmitting information concerning buying, selling or dealing in these futures.

"I intend to fight for such a law as long as I am in congress," said Mr. Macon, "provided a law is not enacted, as I hope it will be." This bill, together with a number of others on the same subject, was considered by the committee on agriculture in the last session, but no report was made. Under the Fitzgerald amendments to the rules it is believed the house will be called upon to vote on the proposition at the first regular session.

Representative Garrett of Tennessee introduced a bill to prohibit the use of the mails for dealing in these futures.

Representative Burleson of Texas intends to introduce a bill on the subject. "I do not expect to get any action on it at the special session," said Mr. Burleson, "but next winter I hope to see it become a law."

"Others who are preparing or re-drafting bills to prohibit alleged gambling are Representatives Hefflin of Alabama and Henry of Texas."

AFTER CERTAIN FEATURES.

Over Two Million Women to Help Kill the Stocking Tax.

Chicago, March 20.—"Kill the stocking tax." A country-wide movement against certain features of the Payne tariff bill, which will be participated in by more than 2,000,000 women, is seen in plans just launched here. Chicago club women have determined to enlist the national federation of women's clubs in an attack on the tax on stockings and stocking material. The tariff bill, which will retain the present high tax on wool and cotton stuffs, and even increase the tariff on stockings, of every description, is also being discussed.

A special meeting of the Illinois Federation of Women's Clubs is to be called immediately for the purpose of organizing an antistocking tax lobby. Mrs. Francis Everett, president of the Illinois federation, announces that the stocking tax situation will be brought at once to the attention of the national organization.

"It is fortunate for us, too, that the general council of the national federation meets in San Antonio, Tex., soon," said Mrs. Everett. "Of course this matter will be brought before that body as the most important thing for consideration among a thousand interests."

It is said that prices of all varieties of stockings had been steadily increasing for the last twenty years and that within the last three years values have gone up by leaps and bounds.

Detroit Starting Point.

New York, March 20.—Detroit has been selected as the starting point for the Glidden automobile tour this year. The date has not been decided upon. Detroit was selected principally because of its fifteen entries being guaranteed from that city alone.

Earthquake Shock at Barcelona.

Barcelona, Spain, March 20.—An earthquake shock was felt in this city at 3 o'clock Saturday afternoon.

LOTHARIO'S MISTAKE.

Leaves Letter Intended For Affinity With Widow Just Bereaved.

Salem, O., March 20.—By explaining from the pulpit that a woman whose name gossip connected with a recent scandal was not a member of the congregation, the Rev. C. L. Smith, pastor of the Methodist Episcopal church dissipated a cloud that had hung over several women. At the same time he deepened the mystery as to who the offender is. Suspicion had settled particularly upon a woman prominent in church and social circles. It was to clear her that the pastor made the announcement.

Through leaving by mistake at the home of a friend a letter intended for his affinity, a prominent man of seventy years became the subject of gossip. But the name of the woman for whom the letter was intended has never been revealed. The writer of the letter, a wealthy retired merchant, was supposed to retire from the board of trustees of the Methodist Episcopal church, and he and his family have left the city.

The epistle which started the trouble was left at the home of a woman whose husband had died the day before. The aged Lothario had penned two letters, one of condolence and one expressing passionate devotion. Re-appearing at the stricken home the writer said:

"Please let me have that letter. I made a mistake and gave you the wrong one."

"Evidently you did," was the frigid reply.

"My God!" he exclaimed. "You haven't read it, have you?"

Careful men quickly learn that the choice of a Banking institution of high standing is one of the most important elements of business success.

was most beautifully served with angel food cake, and was most heartily enjoyed.

Little Miss Franchille Roberts was two years old on March the 12th but on account of sickness her birthday party was postponed until Thursday afternoon, when the air resounded with joy and laughter, occasioned by the greetings of numerous friends of the little hostess, each guest bringing some dainty and useful gift. Many games formed means of diversion, Little Lillie Bess Kyle and Ona Astin and Masters, Sam Parker and Boxley Weaver won prizes in a contest. Animal crackers and peanuts were hid in the grass, the children finding much pleasure in seeing who could find the most. The children were then asked in the dining room where cream and cake were served. Pink streamers of ribbon were suspended from the electroliter, to each plate on the table, a pretty souvenir was also found at each place, a doll for the girls and a rake and spade for the boys. The customary birthday cake was illuminated by two candles, which were blown out with a pretty wish by her little playmates Misses Eugene Edge and Hellen Moore. Eager was each child to find who would be the lucky one to receive the emblems contained therein. The button was cut by Master Henry Rohde, the ring by Harry Williams—the dime by Miss Nann Shell Waldrop, and the thimble by Miss Eugene Edge.

BAD STOMACH.

Many in Bryan are Being Thoroughly Purified by Mi-o-na, the Guaranteed Cure for Indigestion.

People of Bryan who suffer from dyspepsia and other stomach troubles are getting tired of taking preparations containing pepsin because pepsin simply digests the food artificially. Pepsin relieves, it never cures.

And remember, pepsin only digests animal food; it has no effect on starchy food, such as potatoes, rice, bread, etc.

Mi-o-na cleanses and purifies the stomach and bowels, and tones up and puts energy into the stomach walls, so that they properly mix the food with the natural digestive juices of the stomach.

Mi-o-na tablets quickly arouse the stomach from its inaction, and in a few days it is able to do its work easily and without exertion. There will be no more sour stomach, fermentation of food, dizziness, sick headache, belching of gas, or foul breath.

Mi-o-na only cost 50 cents a large box, and is guaranteed by E. J. Jenkins to cure dyspepsia, sea or car sickness, vomiting of pregnancy, and stomach sickness resulting from over-indulgence of the night before, or money baby.

SOCIAL AND CLUB MATTERS.

The Bachelor Girls hold no meeting this week.

The Week End Club will meet with Mrs. Geo. Tabor on Friday afternoon.

The "Stubborn Cinderellas" will hold their next meeting with Miss Corine James on Friday afternoon.

Four new names were added to the membership roll of the Woman's Club on last Wednesday; viz: Mrs. J. H. Allen, Mrs. E. J. Fountain, Mrs. V. B. Hudson and Mrs. H. C. Conway.

Mrs. M. W. Sims, president of the Woman's Club, requests the Eagle to announce an important meeting of the club at the Club Rooms in Carnegie hall, next Wednesday, March 24th, at 3 o'clock sharp. All the new members who have recently been elected are urged to meet with the Club on this date.

Mrs. Louis Lowry McInnis has issued invitations to a musicale on Thursday afternoon, March twenty-

fifth, 3:30 o'clock, in honor of Mrs. J. S. Heard of McKinney, and Mrs. Roger Q. Astin. Mrs. McInnis and Mrs. Heard were schoolmates in Alabama in their girlhood days and it is indeed a great pleasure to both to meet again and renew their early friendship.

The Epworth League was entertained at the elegant home of Mr. and Mrs. E. J. Jenkins on Friday evening. A riddle contest caused quite a lot of fun and pleasure. Forty-two was played by many of the guests and on this particular occasion the interesting game seemed even gayer than usual, and the delicious menu served was as highly enjoyed as the other pleasures of the evening.

One of the most enjoyable gatherings of the week was the Embroidery Club meeting with Mrs. G. M. Brandon on Tuesday afternoon. Miss Jessie Garth was elected a member of this club, to fill the vacancy caused by the resignation of Mrs. W. F. Hoppess. The day was an ideal one, in perfect keeping with the sunny disposition of the charming hostess and her cordial greeting to her guests. Some sewing, some chatting, the hours passed merrily by and the hostess served an elaborate two course luncheon. The club will meet on Tuesday with Mrs. W. H. Oliver.

Mr. and Mrs. E. H. Astin entertained at the Fin Feather club house on Saturday evening at six-thirty, in honor of Mr. and Mrs. Heard of McKinney, with a family supper. Quite a pleasant time was spent in fishing, bowling, playing cards and dominoes. At an appropriate time the guests were invited in the dining room where an elaborate supper was excellently prepared and faultlessly served. In the center of the table was a large basket filled with wisteria and ferns. Near the hour of midnight the guests departed, thanking Mr. and Mrs. Astin for their evening's enjoyment and royal entertainment.

The Octet Musical Club met with Miss Laura Dunlap on Friday evening at the handsome home of Mr. and Mrs. S. H. Dunlap. The effective distribution and arrangement of potted plants and cut flowers, made a pretty environment for the guests. Several

hours were spent in conversation, games and music. The evenings pleasure was concluded by the serving of lemon ice, cake and candy. Those composing the membership of the club are the following: Misses Mary McInnis, Gussie Buchanan, Irma Harris and Laura Dunlap. Messrs. Massingill, Peeler, Truett, and Graham. Miss Gussie Buchanan will be the next hostess.

Wednesday afternoon Misses Artie and Nellie Cole entertained the Bachelor Girls Club and the "Stubborn Cinderellas" at the hospitable home of their parents Mr. and Mrs. J. N. Cole. Through open windows the soft, balmy air and glint of sunshine here and there put the guests in a happy mood. After the arrival of the guests, score cards were passed. The players were seated around the tables and soon the merry game of six-handed forty-two progressed in spirited contest. Several lucky players were found to be in line for the prizes, but in the cut they fell to Misses Lucy Board and Clara Mahinney, each receiving a dainty handkerchief. A delicious salad course with ice tea was served.

On Friday afternoon at 3 o'clock Mrs. W. C. Lawson entertained the Week End Club and a few other guests, and gave them quite a merry afternoon with forty-two as the mode of amusement. This club seldom spends a happier hour than when they are together, and on this occasion they were unusually gay. The fascinating game ran through a lengthy series of progressions, through which the liveliest interest was maintained and much high, close bidding was indulged in. Bon bous were dished out on the tables during the games. Mrs. Lawson was assisted in entertaining by Mesdames R. M. Gordon and C. M. Betheny. An ice course

The second examination is over and
work begins in earnest on the last
term.

Only ten study weeks remain, as
the last week will be given mainly to
the final examinations.

In making the school over and put-
ting it on a modern basis, we hope
to have department teaching, and
promote by departments in the high
school just as we have grade teach-
ing and promote by grades below the
high school. All reforms cannot be
accomplished at once, but we are
coming to them as rapidly as we can.

Examinations showing the power
to apply knowledge as well as mere
acquisition, will make promotions
mean something. After a teacher
by inductive processes, shows a child
just how to do certain work, and then
gives exercises to develop skill in
application of the principle thus
brought out, it is very damaging to
the child for anyone to step in and
do his exercising for him. That is
one reason why some children fail to
meet the requirements. The mental
food, carefully selected to meet their
particular needs, has not been left
them unmolested.

They do not become mental stal-
warts. If further assistance is need-
ed, it comes naturally, or, it should
come naturally, at the next recitation
from the educational expert, the
trained teacher who has the case in
charge.

It was a source of much pleasure
to read in this morning's paper of the
good spelling of Pat Newton, one of
our sixth-grade pupils. A short time
ago, the good work going on in that
room was mentioned in the paper.
The recent examination which they
stood, was very thorough—a test of
their real power. No one, unless
trained to think, could have passed
on it, and, yet, every pupil passed on
every study for the year, up to now.

Our East side fourth grade, taught
by Miss Lella Griffin is doing fine
work. They are fine pupils, nearly
all well prepared, and her teaching
is good.

Such fourth grade examinations as
were called very difficult one year
ago, are now called easy, thus dem-
onstrating the progress we are mak-
ing. In her room the following pupils
made 100 each on one or more stud-
ies:

Leslie Ballard, Charlie Cole, John
Edmonds, Alex Harris, Douglass How-
ell, Roscoe Knowles, John Lawrence,
Robert Rhode, Jim Scardino, Ferne

Dansby, Ethel Evans, Frances Mike,
Willie White, Addie Jones, Julius
Groginski, Frank Shramek, Authur
Tuck, Clara Anthony, M. McCullough,
Frankie Reed.

FOR WOMEN AND THE HOME.

The reign of the long coat is far
from being over.

Watches were never daintier than
they are at the present time.

The new skirts have a decided ten-
dency to widen toward the knees.

The colored linens occupy a highly
prominent position among the new
goods.

Kerosene will polish zinc, if it is
rubbed on with a soft cloth until
clean and then washing the zinc in
boiling water.

One of the first rules to be observed
in the proper treatment of silk dres-
ses or silk material is, that silk must
never be folded.

Cut flowers may be preserved for
an unusually long time if a little salt-
petre or carbonate of soda is added
to the water. Salt also helps to keep
them fresh.

To clean gold jewelry with the
stones in, wash it in warm soap suds,
made with yellow soap, with ten to
fifteen drops of sal volatile in it. This
makes jewelry very brilliant.

White paint when dirty should be
washed with milk, which will effect-
ually remove the dirt. Colored paint
may be treated in a similar way with
cold tea, which is an excellent sol-
vent.

Do not wash the windows with
soapsuds. A little alcohol rubbed on
quickly will leave the panes bright
and shining if they are wiped dry.
Ammonia is equally good if put in the
wash water or rubbed on with cham-
ois.

Wash goods liable to fade should
be washed in a strong solution of
salt to a quart of hot water. While
the water is warm put the material
in and let it soak for a while; then
take out and wash in the usual way.

An excellent cologne may be made
with half an ounce of bergamot, a
quarter of an ounce of oil of lemon,
half an ounce of English lavender,
half a drench of oil of neroli and one
quart of alcohol. Shake the bottle
several times a day for four or five
days.

Physicians claim that sleep is more
refreshing in a darkened room; there-
fore it is best to have inside shades
of dark green holland under the or-
dinary shades. These are more eas-
ily adjusted than blinds. It is well

to accustom children from infancy
to sleep in the dark.

Shoe leather may be dressed with
vasseline or glycerine. This is es-
pecially good treatment for leather
that has become stiff through being
wet. When shoes are wet, before
putting them away to dry they should
be filled with paper. The paper ab-
sorbs the moisture and keeps the
shoes from becoming hard.

To make salted almonds blanch and
dry one-half pound. Place one-third
cup of olive oil in a pan and when
hot put in about one-third of the al-
monds and fry a delicate brown. Skim
them from the oil, drain on brown
paper and sprinkle with salt. Contin-
ue with the remaining almonds until
all are salted.

There is nothing better for clean-
ing brasses than the old-fashioned
medium employed by our grandmoth-
ers, viz., pomice stone or tripoli wet
with spirits of turpentine and well
rubbed on. There are also several
kinds of paste which are excellent
for the purpose. Ammonia will re-
move verdigris. Pour on and let it
stand for a few minutes, then wash
and polish as directed.

BRYAN, TEXAS, MARCH 21, 1909.

Time flies and fly-time is coming. In fact it is here now.

The Thirty-first seems destined to go down in history as "the junketing legislature."

Speaker Marshall selected a man for his stenographer—another evidence that he is a prudent man.

It looks like the bandits do pretty much as they please in Arkansas. That unfortunate state needs a governor.

Brazos county ought to raise tobacco enough to support a cigar factory and Bryan ought to have a factory to make the cigars.

Hoke Smith says the Democratic party has had enough of Bryan. The people of Georgia said in the last election that they had had enough of Hoke Smith.

Cone Johnson and Tom Ball, both of whom are supposed to be candidates for governor on the Pro side, met in the Methodist Laymen's conference in Houston, but the incident had no political significance, of course.

In his committee appointments Speaker Marshall has made it plain that the men who supported ex-Senator Kennedy are not to receive any favors from him. Representative Davis is one of the has-beens, but he is in mighty good company.

If Hon. Bascom Thomas should be returned to the senate he would be ostracized by practically every one of his fellow senators and would have no influence. But if the people of his district are willing to be without representation it is nobody else's business.

Our own congressman, Col. Rufus Hardy, was the principal speaker at the Hibernian society banquet in Baltimore on St. Patrick's day. Among the other speakers were the governor of Maryland and the mayor of Baltimore, but Mr. Hardy was the hero of the day.

The Greenville Herald is of the opinion that several promising young statesmen dug their political graves during the regular session of the legislature. Possibly so; but as in the case of the damage to the fruit crop, time alone can prove whether it be true or not.

Alpine and Marfa have joined El Paso in an invitation to the legislature to visit that part of the state, pledging the money to pay expenses. Such a visit would enlighten most of the members as to the needs of a part of the state of which they are now profoundly ignorant.

The International Literary Association has awarded its annual medal to Eugene V. Debs, who has twice been nominated for president by the Socialists. The medal is for the greatest contributor to literature during the year. Other recipients of this honor have been Leo Tolstoy, James Whitcomb Riley and William Dean Howells.

Detectives found in the house of a street railway conductor in the city of Mexico a printing press and hundreds of fraudulent street railway tickets. Further investigation led to the arrest of a large number of street railway conductors and inspectors who had engaged in a conspiracy by means of which they have defrauded the company owning the urban railway of \$15,000 in the last six months.

In Brazos county fields and gardens the stalklets of corn, beans, peas and other tender green things have barely held their own during the winter of their discontent. There has been no genial warmth in the soil and instead of the gentle caresses of the

southern breeze they have been buffeted by the rude blasts from the frozen north. With them it has been a struggle for existence with no time to grow.

Possibly the thirty-two lions in one bunch which were lately seen near an African town were holding a mass meeting for the purpose of making preparations to receive T. R. The associated press should have had a reporter there so that the world could know whether the proceedings included the appointment of a reception committee or a discussion of plans for a defensive campaign.

An investigation in Missouri has revealed the fact that thousands of dollars are paid out every year to persons who render no service and that the public institutions of the state are nests of grafters. A little investigation at Austin discovered that there are sixty-two clerks in three of the departments whose services are not needed. It takes mighty close watching to keep the taxpayers from devouring the substance of the taxpayers.

There is at this time more activity in Socialistic circles in this country than ever before in an off-year. Of course it is impossible for an outsider to find out all that this means, but it is probable that the work now going on is preparatory to the campaign of 1912. In case the Democrats nominate for the presidency an eastern man or a man in sympathy with Eastern ideas, it may be expected that the Socialists will poll a much larger vote than ever before.

Spring Clothes

FOR 54 YEARS it has been Stein-Bloch's aim to make the clothes that bear their label fit better and look better than any other clothes in America. They have accomplished this by paying strict attention to workmanship. Their clothes are right at the beginning and stay that way. You may abuse them and neglect them, yet after misuse their shape and style will revive because their workmanship was true.

CUBAN CAR COMING, ENROUTE TO SEATTLE.

The museum car, "Cuba on Wheels" containing real article from the Island of Cuba will be on exhibit in Bryan from Thursday morning of this week, until Saturday night, being stationed on the H. & T. C. tracks.

This car started enroute from the St. Louis Fair; was Cuba's only exhibit at Jamestown, and is now scheduled for Seattle Exposition. The car has already visited 26 states, and its purpose is to continue its tour until practically the entire United States has been covered. It was loaded by the department of Industry and Commerce of the Cuban Government, under the late President Palma's administration. The Exposition car, itself, is a standard Pullman, being painted red, white and blue, (the colors of Cuba,) and inside is found a "Trip to Cuba," by means of innumerable exhibits from the island. These exhibits include agricultural products, showing the soil of Cuba, and the various fruits and other products grown; the minerals; manufactured articles, such as banana flour and banana coffee, cigars, shoes, furniture, dress goods of pineapple fibre, candies, fans of real lace, gold and mother of pearl, valued at \$100.00; woods of mahogany, ebony, etc.; fine oil paintings, scenery of Cuba (photo taken by government photographer); fish and game, and under miscellany exhibits come "Under the Bamboo tree," cocoanut in bloom, tortoise, Jumbo, the live alligator, two Cuban ring tailed monkeys; Jai Alai basket (used in Cuban ball game); money used before the war; fancy work by Cuban women, drawn work, a bridal linen set valued at \$45.00; Cuban cook stove and kitchen utensils, etc. Under fish and game is shown the tarpon weighing 130 pounds, the porcupine fish, sea turkey, iguana, etc.

Last, but not least are relics from the wrecked battleship "Maine," certificates being placed in the cases to show they are genuine.

The car is run on a self supporting basis, charging ten cents admission to adults, and five cents to pupils when they visit the car in classes in charge of teachers. Hours of admission, are daily from 10 a. m. to 10 p. m.

Death of Mrs. Ben Love.

Relatives in this city received the sad news yesterday morning by wire of the death of Mrs. Ben Love of Calvert. She was a sister-in-law of Mrs. W. S. Stuart and had many friends in Bryan. She was a splendid Christian lady and leaves a husband and three grown sons.

A CORRECTION.

March 19, 1909.

The Bryan Morning Eagle, Bryan, Texas.

Gentlemen:—

I notice in your issue of March 17 an editorial headed Kennedy and Bailey, in which you quote me as using the following language: "Kennedy is not half so guilty as Bailey." I do not know from what paper you took this quotation, but I wish to set myself right in the matter and give you the language which I used on that occasion.

In my speech I used the following language to wit: "There are members of this House, who, as members of the Thirtieth Legislature, stated on the floor of the house that if Bailey would declare that he had done wrong they would gladly accept same and cast their ballots for him for United States Senator; yet these same men say that in their opinion Kennedy is not half so guilty as was Bailey, still they are demanding Kennedy's political head when they would have excused Bailey. They declare that Kennedy is not guilty of even criminal intent in the matter, but that he has made a grievous mistake and blunder, and notwithstanding the fact that Kennedy is willing to admit his mistake and forgiveness from the House, they are seeking to destroy him. Gentlemen, you ought to be consistent."

Please do me the favor to make this correction.

Yours very truly,

W. C. DAVIS.

The Eagle regrets that Mr. Davis was misunderstood. In the editorial referred to no pretence was made of quoting the exact words but the intention was only to give the substance of what the editor understood to be his meaning. We assure Mr. Davis that no misrepresentation was intended and cheerfully give his statement to the public.

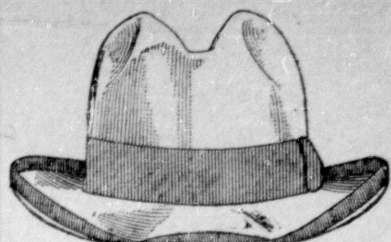

Rain Reports.

Reports received yesterday from different parts of the county indicate that the rain of Friday afternoon and Friday night, was only partial and nothing like a general rain. There was a light rain everywhere, but in some localities it was very light. A good general rain of two or three days duration is badly needed. Corn is doing well and some has already been plowed out. A great deal of cotton has been planted and in some localities it is coming up.

Fenzini Case.

The Fenzini case at Hempstead is dragging along and both sides are putting up a stubborn fight. Witnesses returning from there yesterday stated that the state had not concluded its testimony and would not likely get through before Monday.

The defendant has a great number of witnesses and the case is likely to last until the middle of the week.

THE WEATHER.

Tonight fair cooler, Sunday fair.—Cline.

Weather Notes.

Galveston, March 20.—The area of low barometer now extends from the Rio Grande northeast to Ontario and light rains have resulted in the eastern cotton belt and in the Ohio and middle Mississippi valleys and light snow in the lake region. Cloudiness has increased in the west Gulf states and some light, scattered showers have occurred in Texas and Oklahoma. Light rains fell in the Rocky mountain region and on the north Pacific coast, but the weather was mostly fair in the west this morning. It is warmer thruout the eastern half of the country, but generally cooler in the west. In Texas the weather is cloudy and warmer. At time of report the temperature ranged from 44 degrees at Amarillo to 68 degrees on the lower coast.

WILDLY SHOTS PISTOL.

Desperate Man Possibly Fatally Wounds Another.

Clarendon, Tex., March 20.—Floyd Autrey of Fort Worth was probably fatally shot and Fred Garrett of North Fort Worth narrowly missed bullet injury from a desperate man rushing through a Fort Worth and Denver train near Giles wildly shooting a revolver. Dashing through the car behind the stranger slightly wounded another man. The he jumped from the train.

The body of the man was found near the bridge at Estelline.

FAVORABLE REPORT.

Ward's Bill Meets the Favor of Senate Finance Committee.

Austin, March 20.—Senate finance committee favorably reported Senator Ward's bill appropriating \$25,000 to be expended by the attorney general in enforcing the land laws and prosecution of land cases where it is claimed land is illegally held. An amendment was offered by Terrell of Bowie that titles to land of innocent purchasers shall not be disturbed.

RESUMES RAIDS.

Picks and Crowbars Used at One Place to Gain Entrance.

New York, March 20.—Resuming for the time-being his custom of several years ago, District Attorney William Travers Jerome, conducted the raids on alleged gambling houses on the East Side at midnight Friday night. It was by these raids that Mr. Jerome gained fame in former years. The houses entered this time are at 123 Second avenue and 38 East Seventh street. Seven men were arrested in the first house but in the second establishment no prisoners were taken. Herman Rosenthal is charged with being the proprietor of both places and he was apprehended with the other prisoners. It is said that Mr. Jerome decided to make the raid because attempts had been made to bribe an attaché of his office to "report off" the houses after Rosenthal had promised some time ago to obey the law.

At the Second avenue house picks and crowbars were used to gain entrance. Cards, poker chips and racing sheets were seized by the officers. The Second avenue house, it is alleged, is the one that was protected by an electric door when it was raided some time ago.

MAIL SUBSIDY BILL.

If Differs From the One Considered at the Last Session.

Washington, March 20.—Representative Humphrey of Washington has introduced an ocean mail subsidy bill, over which it is expected the ship subsidy fight of the Sixty-first congress will be made. The bill grants to vessels of the second-class on routes to South America, Australia, the Philip pines, Japan and China the same pay for carrying the mails as is now allowed to vessels of the first-class.

This is the bill that Senator Gallinger has planned to introduce in the senate, but it is understood he will not present it at this time. It differs from the one considered at the last session inasmuch that it does not increase the pay for vessels of the third-class.

CLEVERLY DONE.

Chicago Man Turns the Tables Upon Couple of Robbers.

Chicago, March 20.—After being held up and robbed of his watch and money by two men on a lonely street, William Paulin informed the robbers that he too was a hold-up man and that he was waiting for a victim. The robbers offered him his money back and he asked them to walk along with him. The trio walked until they came to a policeman. Then Paulin unmasked and helped the officer capture the robbers.

Removed to San Antonio.

Lockhart, Tex., March 20.—State Chairman A. B. Storey of the Democratic Executive committee, announces he will remove the committee headquarters from here to San Antonio. J. T. Carl and B. T. Lyons, both of San Antonio, were appointed secretaries.

Terrible Offense Charged.

Galveston, March 20.—Rev. Joseph McMasters, a Methodist minister, was given a preliminary hearing before Justice Fontaine on charge of criminally assaulting a fifteen-year-old girl. His bond was fixed at \$2,000. McMasters is thirty-seven years old.

First Pure Food Seizure.

Houston, March 20.—The first seizure in Texas under the national pure food law took place here Saturday morning, when the firm of Henke & Pillot reported shipment of 500 cases of preserves short in weight and not up to requirements. The federal marshal took the goods.

Final 1908 Cotton Report.

Washington, March 20.—Running bales of cotton numbering 13,408,841; average gross weight, 505.8 pounds; all equivalent to 13,563,942 500 pound bales, with 27,587 ginneries operating, was the final report of the census bureau on the cotton crop grown in 1908.

Operate in Rain Storm.

Enid, Okla., March 20.—Robbers dynamited the safe in the bank at Cold Water, thirty miles northwest of Enid, and escaped with \$2,000. A heavy rain storm aided in concealing the operations of the robbers.

Ten Indictments.

Council Bluffs, Ia., March 20.—The grand jury returned ten indictments in wholesale swindling cases.

STUDENTS DUCK STUDENT.

Placed on Platform, Made to Confess Petty Theft, Ordered to Leave.

Morgantown, W. Va., March 20.—After his rooms had been searched and a number of articles stolen from other students discovered, Ralph McClure, a student in the state university here, was seized by a mob of more than 400 students as he was being taken to jail in custody of a deputy sheriff. He was escorted to the Monongahela river, where he was given a ducking in the icy water.

The mob, augmented by a force of at least 100 more students, then dragged the youth from the river and took him to the Central square in the city, where he was placed on an impromptu platform and forced to confess to many petty thefts. After this he was ordered to leave the city on the next train.

McClure obeyed the dictate, but messages received from his home near Mannington, this state, are to the effect that he has not appeared there yet.

KILLED IN COLLISION.

American Lady Loses Her Life and Others Are Injured.

City of Mexico, March 20.—Mrs. E. A. Everett of Waseca, Minn., was killed in a collision which occurred between a wild engine and the regular incoming passenger train bound from Vera Cruz to this city. Shortly after the station of Lavilla was reached a rock was thrown through a car window. The train was stopped and rural guards sent in pursuit of the miscreant who threw the stone. While the train was standing a runaway engine crashed into the rear car, killing Mrs. Everett and injuring a number of others.

Mrs. Everett was touring the republic, and is said to have been the wife of a wealthy flour mill owner.

Hayward Declines.

Nebraska City, Neb., March 20.—A telegram from Washington states Judge William Hayward, who was tendered the position of first assistant postmaster general, declined the place and will remain secretary of the national Republican committee.

No Limit.

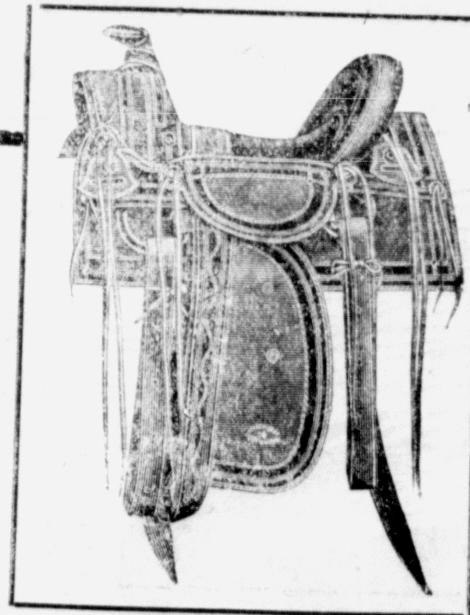

There is practically no limit to the variety of work that can be done with a Singer Sewing Machine, whether for the finest embroidery, the plainest home sewing, or the most elaborate tailoring, the Singer is equally efficient. We sell for cash or on small monthly payments. Also, rent and repair machines. Phone 205. T. A. Satterwhite, Salesman.

Burglars Secure Much Booty.

Oklahoma City, March 20.—Burglars entered the home of George Eacock, Republican candidate for mayor, and after chloroforming him, escaped with a gold watch and other jewelry valued at \$100. Burglars covered W. A. Hamilton with revolvers in his home and escaped with jewelry and money. His loss is \$150.

J. C. Vick has just received 1,000 bushels of Oklahoma shelled corn for pure corn chops and home ground meal.
